**Let's learn
about YOU...**

Today's Agenda

How did you get started in virtual training?

What do you wish you knew then, or wish you had done differently?

**Top Tips
and
Lessons
Learned**

How did you select a platform to use?

What advice do you have about selecting a virtual classroom platform?

What advice do you have about learning to use a virtual classroom platform?

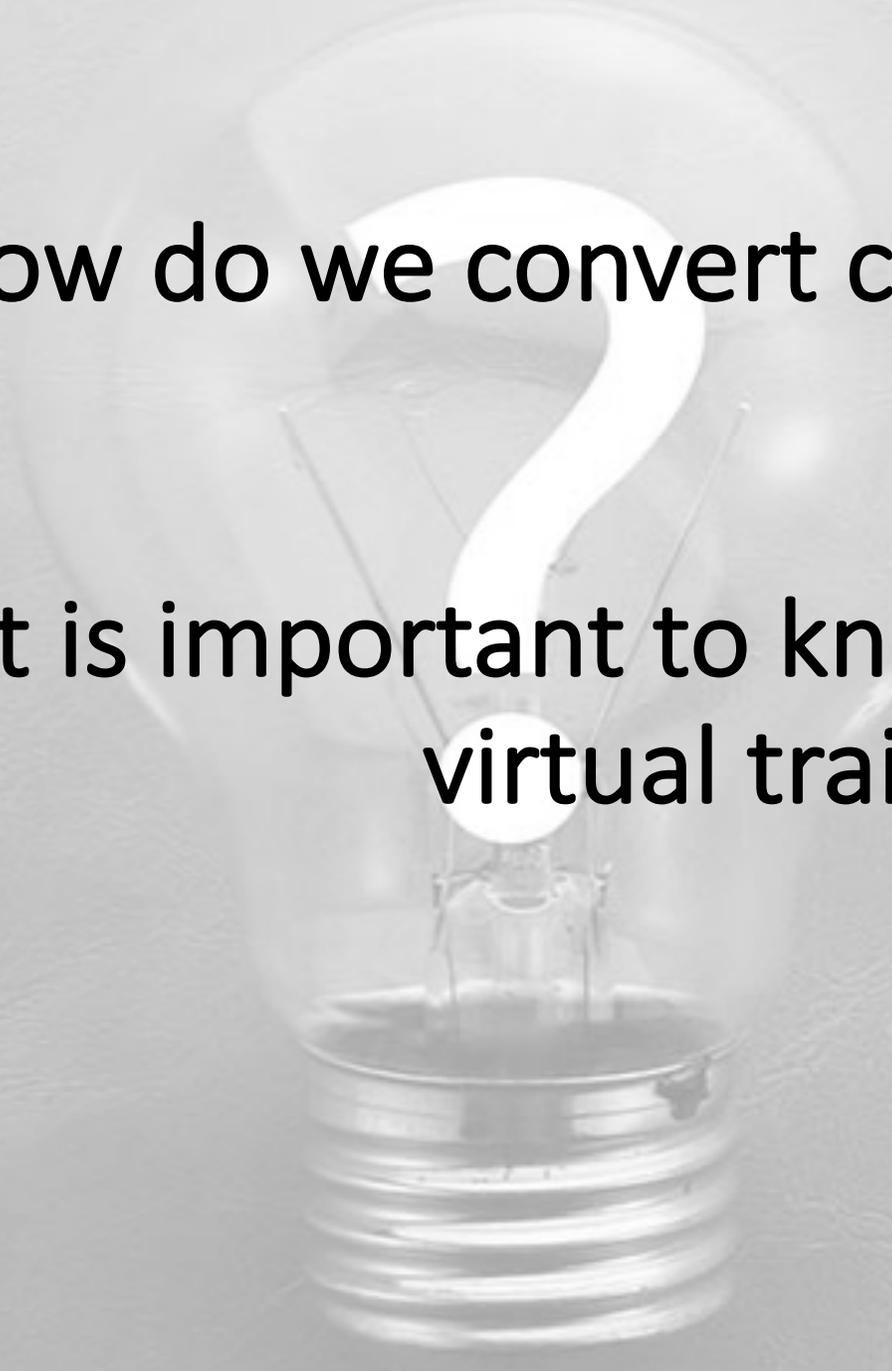

My participants don't engage.

**What advice do you have to get them
to interact?**

What skills do facilitators need
to deliver virtual classes?

How do we convert classes to virtual?

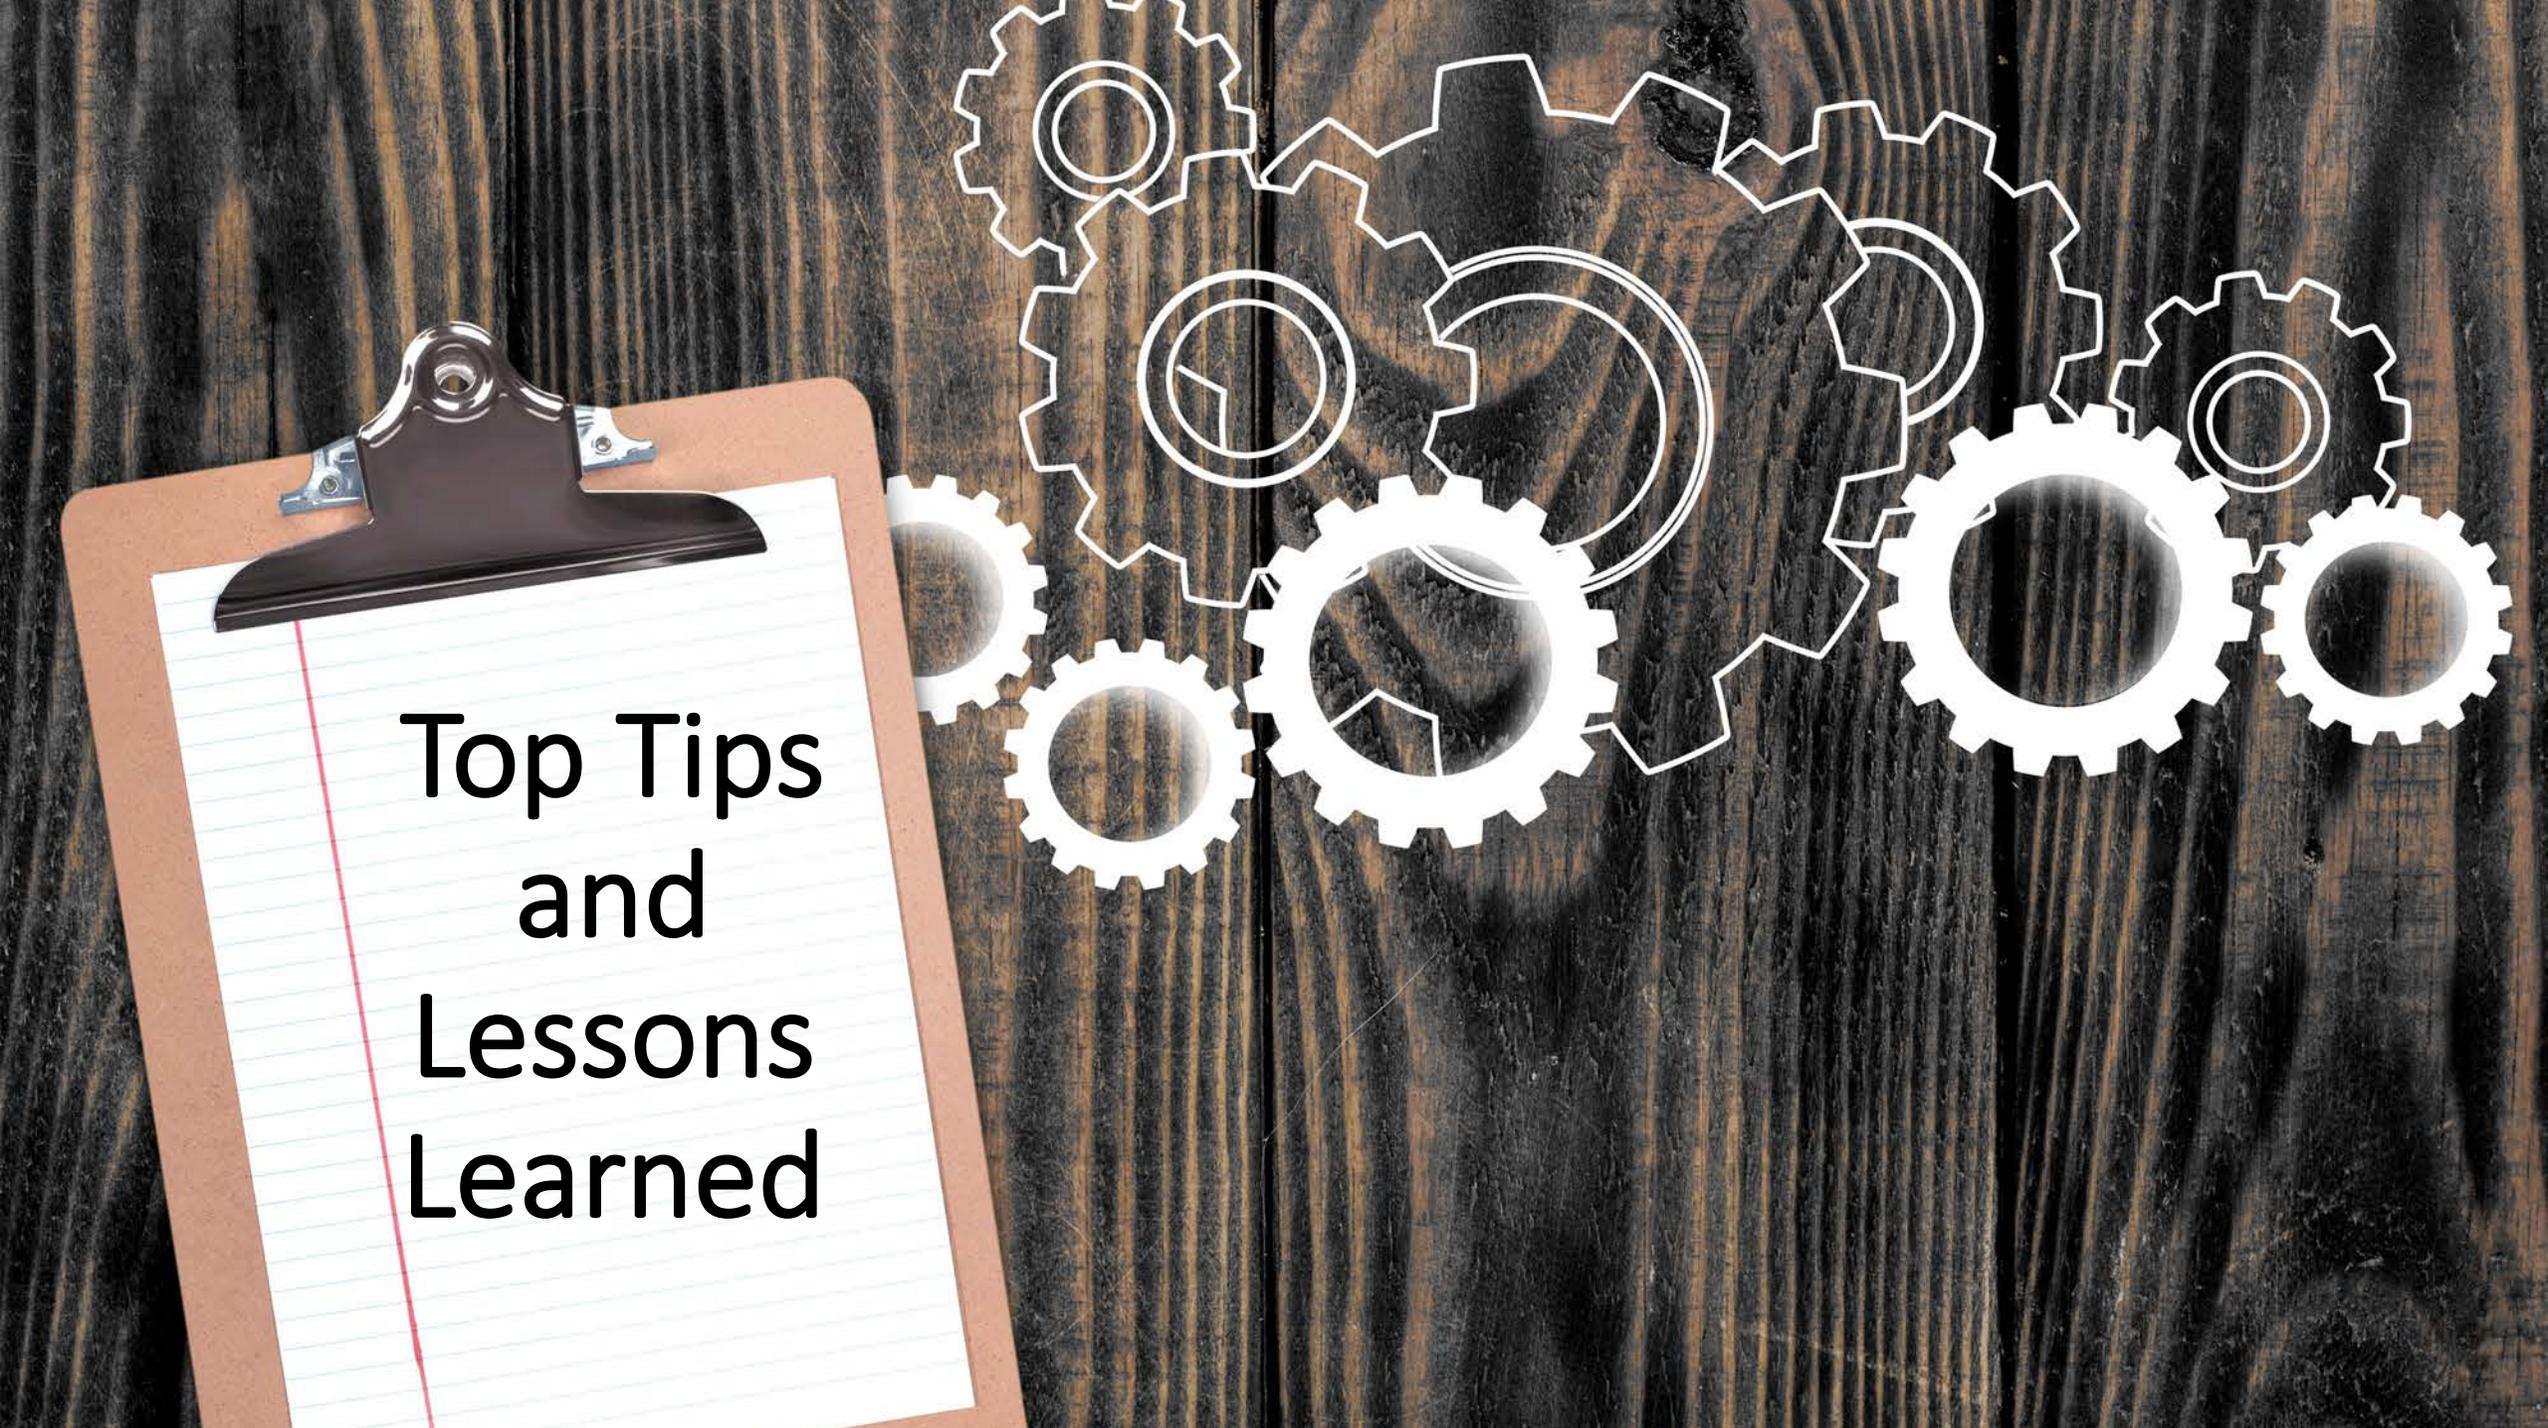

What is important to know about designing
virtual training?

A glowing lightbulb with a question mark inside, symbolizing an idea or question. The lightbulb is the central focus, with a bright white question mark inside it. The background is a textured, light gray surface.

Do you always need a producer?
