SET THE STAGE FOR ONLINE ENGAGEMENT

TECHNIQUES TO ENGAGE LEARNERS FROM THE START

Set Expectations
- Maintain an appropriate yet quick pace in the online classroom. Keep learners involved and engaged in activities that lead toward the learning outcomes.
- Communicate with learners ahead of time, and at every opportunity, to let them know it will be an interactive event.

Start Early
- Have on-screen activities ready for learners upon login.

Seek & Sustain Engagement
- Invite participants to engage with the facilitator, with each other, and/or with the platform tools about every 4 minutes during virtual events.
- Choose activities that let learners frequently interact with each other for dialogue and discussion.

Create a Social Experience
- Communicate with learners ahead of time, and at every opportunity, to let them know it will be an interactive event.
